Dear Mr. Link:

We have read with interest your letter of 24 October 1959 concerning your research on the Internationalen Sozialistischen Kampfbund.

I regret that the Central Intelligence Agency has no information on the ISK that could be released for your study.

A number of documents concerning the third Reich have been released by the Department of State to the Foreign Office of the German Federal Republic in recent years. May I suggest that you address yourself to the Foreign Office for such information as they may have.

Sincerely,
